

Summary
on the Celebration

“We Love Our Country - We Wish Peace All Over The World”

February 8th, 2023

DAA hospital school students guided by the hospital school teacher and supported by two volunteers prepared and presented a very touching performance presentation on the topic of “We Love Our Country - We Wish Peace All Over World”.

DAA invited “Arabkir” MC&ICAH and ArBeS hospital and Hematology hospital staffs, representatives of the nearby military hospital and

the young soldier being treated there, representatives of the Ministry of Health and the Ministry of Education, Medical University students and journalists from different mass media, young soldiers being treated in “Arabkir” MC&ICAH, schools participating in the Special Education Club, the patients’ parents and displaced families from Artsakh who were on our special programs.

The hospital school teachers organized a beautiful exhibition of children’s arts and crafts in the entrance of the conference hall. During the preparation period of two months the hospital school held a competition “Why I love my Motherland?” and “Why do we want peace all over the World”. The best works and passages from this competition served as the base of the presentation-performance. The whole performance-presentation was led by Grigor Hakobyan (our permanent Dzmer Papik) who is the representative, actor of the Yerevan State Puppet Show Theatre.

The whole audience was very emotional

and the presentation had a real success up to the point that the people present including prof. Ara Babloyan couldn't talk when being invited on the stage to thank the children at the performance. Closer to the end, the majority of the audience left their warmest wishes on the big poster hang in the hall. The mother of our previous staff member Arthur Misakyan was rewarded posthumous with a golden medal from the Ministry of Defense and the Mothers' Association of the Veterans of Armenia.

ArBeS director Manushak Yeritsyan mentioned that the performance had the deepest impression on each viewer.

There was a real combination of love, tears, emotions, attitude and wish to live in peace all over the world flying in the air around the children.

The volunteers alongside with supporting in the preparation had their

own short presentation-song on the stage.

The majority of the performance was shot, and you can watch it (in Armenian) following the link: www.youtube.com/watch?v=w-KLyRsI97c
